WORK EXPERIENCE

Senior Site Reliability Engineer

Mulesoft 

04/2020 - Present

San Francisco, California

- Helped onboard legacy applications on to our Kubernetes clusters.
- Increased team productivity by identifying manual processes and sharing scripts that automated them.
- Worked with Terraform, Jenkins, SaltStack, and Groovy to manage and optimize our infrastructure provisioning pipeline.
- Created automation around identifying RDS instances pending reboots that alerted us via Slack.
- Acted as a gatekeeper in triaging and approving changes to the production environment of 70,000+ servers.

Systems Engineer II

Uber Technologies, Inc. 

08/2016 - 03/2020

San Francisco, California

- Served as the lead SRE for uChat, Uber's internal chat platform which employees relied on with 99.9% uptime.
- Owned event monitoring pipeline of 1,600+ Windows and Linux servers, processing 1000+ events / second.
- Reduced on-call incident volume by 50% by implementing checks with auto-remediation.
- Simplified codebase to utilize YAML so non-developers could easily make changes with Puppet.

Linux Systems Administrator

Clicktime.com, Inc. 

03/2016 - 07/2016

San Francisco, California

- Implemented Zabbix with PagerDuty integration to gain better insight and alerting on physical and virtual infrastructure.
- Performed maintenance on production IIS servers with 99.9% uptime.
- Implemented Veeam Backup and Replication as a Virtual Machine backup solution.

Systems Administrator

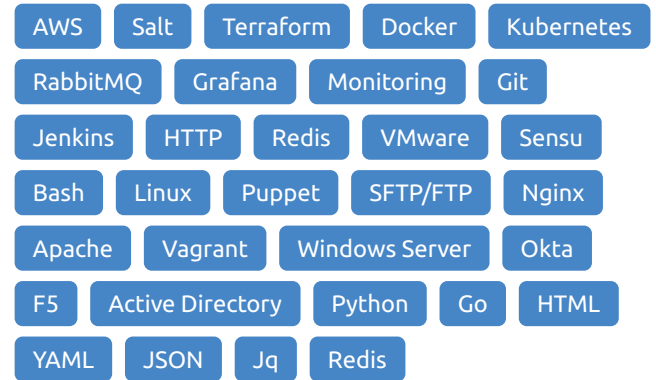

Inflection.com, Inc. 

06/2013 - 03/2016

Redwood City, California

- Worked with EC2, S3, RDS, ELB, and other AWS services.
- Administered a mixture of 400+ VMs in ESXi environments across multiple data centers.
- Used Zabbix, Pingdom, Splunk, NewRelic and PagerDuty for site/application monitoring on-call rotation.
- Promoted from Desktop Support after helping with employee onboarding/offboarding and IT inventory and requests.

SKILLS

CERTIFICATES

AWS Certified Solutions Architect (11/2015) 

EDUCATION

Bachelors of Science - Information Systems

Towson University 

2007 - 2011
